## COACHING POINTS

- Walk-through: alignment, split, and route depth for your assignments.

- Strike timing on stalk block — inside hand fit, under control into contact.

## NOTES

Play	Note
14	made light contact but allowed the corner to muck up the play, he wasnt evben good enough to make the tackle no way we loss this block, loss the rep
16	corner beats you to the block point and washing the run back inside, missed block and lost rep
47	you were beat at the snap got come off the lline with some more intent here to force the db to at least respect you OR fight at the snap to get inside leverage, he got in on the tackle lost the rep
66	started with a good block once the corner pulled you he got position you kept blocking so respect but losing the position is when the rep was lost
67	lost position at the snap
93	how did er end up falling here? by the time the ball got to you its a 50/50 1v1 jump ball, if you time your jump here this is a Touchdown
