NOTES

Play	Note
9	Talk with OC i believe this should have a been an adjustment to pick up the rover/overhang. No negative becasue this should have been explained to you.
10	Nice jobs adjusting your body to be able to get the block after the cutback well done! Also good letting go to avoid the hold.
22	Backside making great blocking effort here, well done.
23	I will give you credit every time you working this hard to get to a block point.

29	make sure you keep a good base so you don't get thrown around like this at the end.
32	Decent block here and your effort made the defender have to make a hard tackle but running your feet would have made the blocking much easier.
47	Nice explosion off the ball !
49	Good block down the field !
60	Good speed getting to your position on the field here.
61	Good route, good catch and nice ball security, I felt the hit was basically late here but ref not going to show Godwin love so good job keeping your head after the play.
63	Good job with the catch and get out of bounds good awareness. Well done.
64	I do think you had a shot at a high point catch here.
70	drive your feet, don't let your feet die.
71	You are hopping around too much here, when you get within 2-3 yards you gotta get to the short choppy steps instead oh hopping. The reason is so you have a good base with at least 1 foot on the ground at all times so you can easily block to the left or right,
73	You started off blocking but you forgot to run your feet and run with the defender, he didn't make the tackle but that is a missed block.
75	don't jump around inch steps like a defensive slide in basketball. Run your feet, once you make contact.
76	nice effort on the goaline blocking here.
90	Good catch, nice ball security.
105	Don't stop your feet, after you engage then there is a stalemate you have to restart your feet.
117	Your block opened the lane for jonquil, nice work!
