COACHING POINTS

- Strike timing on stalk block — inside hand fit, under control into contact.
- Stay locked in: eyes up, assignment first, next-play reset.

NOTES

Play	Note
9	I like the energy you was giving #12 on the blocks continue to put your hand son dbs THEY DON'T LIKE it and it gets them out of their game.
11	Not sure what happened here looked like a mix up on who to block. Not a Missed Assignment but i will say lack of focus here.
13	Great job blocking here. Nice work running your feet engaging the chest plate and letting go once the DB was outside of your frame, well done!
22	good job running the feet hard here good block!!!
23	I like the hand fighting here, making sure the DB knows you not going for no BS. ALSO good job stopping when the whistle blew staying on the refs good side as much as possible.
25	good effort here trying to get to the ball.
26	Missed the block here not an Missed Assignment but forsure whiffed.
31	good job being in the way here, sometimes a good block is the ability o make sure the defender cant make the tackle you did that.
46	running the feet, keeping the block for as long as possible NICE JOB!
51	Tough target here not much you can do. Maybe try to get it up top but decent effort you look a little gassed here as well. Playing both side of the ball is exhausting so being in shape is needed.

70	I like the initial contact but make sure to lock on and drive your feet.
86	Very proud of the effort you making here. 20 years down the field getting a pancake on a pass play. You are growing as a WR nice work boy!!!1
104	Nice work here just remember once he is out of your frame or you falling, let go. Nice work.
