NOTES

Play	Note

3	Nice job opening up the run lane.
29	I like the approach you took here to get the DB out of the play. This is easy way to get a cheap pancake once the db is running with you then you turn and start blocking it wont se it coming.
33	Man watching this block made me smile, nice effort, great technique and way to run your feet. You opened up the Touchdown here great job!
